MEMORANDUM FOR: Mr. Donald Gregg
Assistant to the Vice President
for National Security Affairs

SUBJECT: Libya After Qadhafi

Don
The recent meeting on Libya indicated that the attached assessment, "Libya: What if Qadhafi is Ousted?" would be of interest to you and other CPPG principals. The study concluded that Qadhafi's removal probably would result in a regime less supportive of worldwide terrorism. Even so, we cannot expect Qadhafi's successors to refrain from meddling in regional affairs or to support US policies in the Middle East and Africa. Moreover, we cannot rule out the possibility of an extremist-controlled regime taking control that could be an even greater threat to US interests than Qadhafi. [redacted]
